

# Almumaiz FURNITURE

A Legacy of Excellence in Furnishing

# ABOUT US

Founded in 1969, AlMumaiz Furniture initially opened its doors as Desert Furniture, setting a foundation in the heart of the Deira region's first commercial building. The choice of name was inspired by the profound connection with the Emirates' heritage and the bustling commercial convoys of the era. As we stepped into the new millennium, our evolution continued with a name change to AlTamimi Furnishings, combining brilliance with ease of recognition. In homage to our roots and the vision of our company's founder, we revisited our original inspiration, leading to the establishment of the Sahara Furniture Factory in 2010. By 2022, the launch of AlMumaiz Furniture marked the latest chapter in our journey, symbolizing excellence and innovation in the furniture and decor sector.
